## **32-PAGE HARDCOVER STORYBOARD**

This is a typical layout for a hardcover, 32-page, children's picture book. The endsheets are printed on a heavier stock of paper than the book's interior pages. Endsheets are not included in the page count. If you're publishing a softcover, simply disregard the endsheets.

Do you have questions? In need of design, editorial, printing, and/or production assistance? That's our job! We'd love to help. Visit TLCBookDesign.com to learn more and contact us.
